**BRINGING LIGHT TO LIFE**

## IT'S EASY TO INSTALL VELUX BLINDS IN 15 MINUTES

Make sure your VELUX roof window is closed securely.

Using the bracket attachments supplied, affix your VELUX blind to the top of your VELUX roof window.

Attach the two aluminium side channels to the bottom of your VELUX roof window.

Secure side channels at intermediate points to ensure smooth running action.

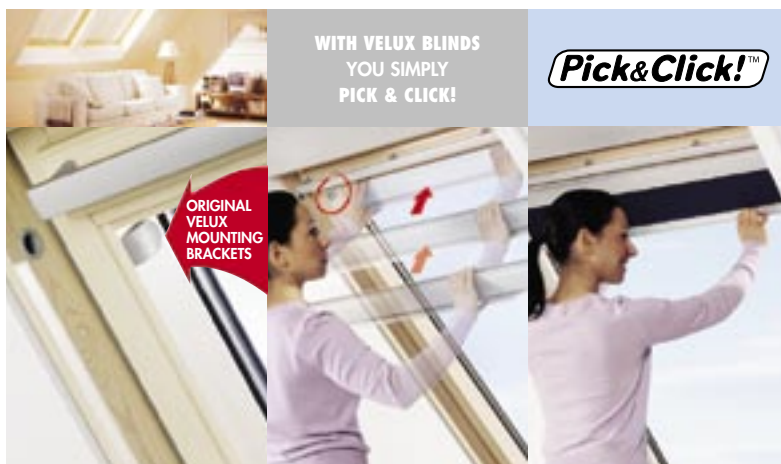

Your VELUX blind is now ready for use.

## THE BEST CHOICE IN BLINDS STARTS HERE

Once you've chosen a VELUX roof window you can be sure of one thing: your window is one of the finest products of its kind on the market. So what more can you do to make a great thing even better? That's easy – install a VELUX blind.

VELUX blinds come in a wide choice of textures and patterns, they are perfect for ensuring privacy and controlling glare, heat and light – and they're the only blinds specifically designed and manufactured to fit VELUX roof windows.

Pick&Click! Blind fitting system which allows you to fit any of the 164 blinds in the VELUX range. Every VELUX window is fitted with pre-installed brackets which let you simply click the blinds into place. It's so easy and you're guaranteed a perfect fit every time.

# PURCHASING YOUR VELUX BLINDS & ACCESSORIES

[www.VELUX.co.uk/blindsdirect](http://www.VELUX.co.uk/blindsdirect)

## STEP 1

### Check your window code

Every VELUX roof window carries a unique data plate that details the type and size of the window (see diagram on page 4). Check your window's type and size. No measurements are needed.

### Data Plate

This specifies both the window model and the size. In these examples the model is GGL, however, the size code varies depending on the age of your window – eg S06, 606 or 4.

## STEP 2

### Check your blind code

After you have chosen your blind type you need to establish its code. All codes are contained in this leaflet on the swatch pages.

## STEP 3

### Purchase your VELUX blind

You can order online at [www.VELUX.co.uk/blindsdirect](http://www.VELUX.co.uk/blindsdirect), alternatively, phone or fax your order to the contact numbers in this leaflet or submit your order in the pre-paid form supplied.

VELUX also manufacture Roller Shutters. For further information please contact VELUX Consumer Support.

## STEP 4

### Can't make your mind up? Order your free swatches today

If you still can't make up your mind which VELUX roof window blind is best for you, ask us for swatch samples to help you decide. We will be happy to deliver up to three FREE samples to your door.

# SIESTA BLACKOUT BLINDS

When you want to block out the sun, Siesta blackout blinds are the answer. Fancy a lie-in on a blazing summer morning? Fit these blinds in your bedroom and the sun won't get a look in. That's because, as well as being opaque, Siesta blackout blinds run up and down your window in aluminium side channels that prevent daylight from passing in around the edges. These blinds will keep you comfortable too: they feature an outer aluminium foil that reflects excessive heat from the sun in the summer whilst retaining heat within the room during winter months.

## REMOTE CONTROL SIESTA BLINDS

What more comfortable way to start your afternoon siesta than by drawing down your Siesta blackout blinds by remote control from the comfort of your bed or sofa? The good news is you can: our remote control blinds feature a smooth, battery operated motor concealed behind the fascia. With the merest touch of a button, you can close or open them, either fully or to any position on the window, from anywhere in your room. Batteries last for about 1000 operations (that's around a year) and, when you're feeling energetic, you can conserve the life of the batteries by opening and closing your blinds manually.

- Easy to install. Fitted in minutes.
- No wiring.
- Standard battery size.
- Comes as a single package including motorised blind, batteries and remote control unit.

**ONE PRICE FOR ALL WINDOW SIZES – JUST £205.00. QUOTE DGL TO ORDER.**  
(P19 'Cabrio' counts as 2 windows)

### ELECTRIC BLINDS

We also offer electric blinds that can be opened and closed at the flick of a switch. Please note, electric blinds are recommended for electronically operated windows.

**ORDER YOURS TODAY.  
ALL WINDOW SIZES –  
ONE PRICE – JUST £228  
QUOTE DML TO ORDER.**

### WHITE POLYURETHANE

White line blinds, with their white fascia and side channels, add the perfect finishing touch to our range of white polyurethane windows (GGU/GPU) and are available for an additional cost of just £5.

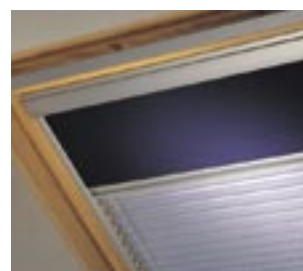

### ALUMINIUM BACKING

Helps reflect the sun's heat, keeps your room cool in summer and retains heat inside on chilly days.

### ALUMINIUM SIDE CHANNELS

Prevent light from passing around the sides of your blinds and ensure smooth running of blinds.

### DUO-OPTION

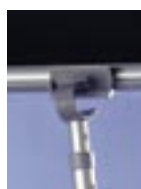

Fit a Pleated, semi-opaque blind in conjunction with your Siesta blind and you can enjoy the best of both worlds; keep out as much light as you want and diffuse remaining light as it enters your room. To have the Duo option you need to order FPL as second blind.

### ACCESSORIES FOR HARD-TO-REACH SITUATIONS

<b>ROD CONTROL</b> for operation with GGL/GGU roof windows	<b>ZCT 200</b> 100-180cm Telescopic Rod	<b>£25.00</b>
	<b>ZCT 100</b> 100cm extension for the ZCT 200	<b>£6.00</b>
<b>ROD ADAPTOR</b>	<b>ZOZ 085</b>	<b>£3.00</b>

### ROD CONTROL

Blinds too high to reach? Windows too high to open? Order this handy rod from VELUX and your problems are solved.

### ROD ADAPTORS

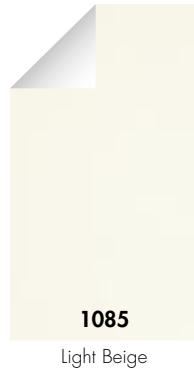

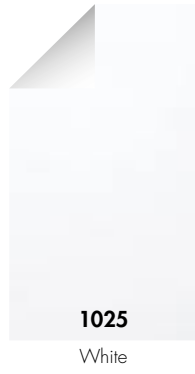

You'll need rod adaptors if you're using a rod to open and close out-of-reach VELUX blinds. Please bear in mind that you'll require a separate adaptor for each VELUX blind in your property.

Prices incl. VAT, 01/07/05

†FPL supplementary Pleated blind available for combination with Pleated blind (FHL) and Siesta blind (DKL).

SEE PAGES 3-4 TO ORDER YOUR VELUX BLIND & ACCESSORIES

For prices of blinds for vertical window elements and Roof Terrace please contact VELUX Consumer Support. The Lightproof range backing excludes light but does not reflect/reduce heat. Prices incl. VAT, 01/07/05. N/A – Not available

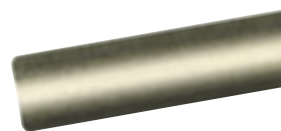

# VENETIAN BLINDS

Venetian blinds allow you to control both the amount of light that enters a room and the direction in which it travels. They're easy to clean (a damp cloth is all you need) and are especially suited to areas of high humidity like kitchens and bathrooms. Aluminium coating is available on some blinds, reflecting excessive heat back out through the window on hot days and retaining warmth inside when the temperature drops.

## WHITE POLYURETHANE

White line blinds, with their white fascia and side channels, add the perfect finishing touch to our range of white polyurethane windows (GGU/GPU) and are available for an additional cost of just £5.

## ALUMINIUM COATING

Reflect sunshine out of your room on a hot day. Keep warmth in when it's cold outside.

## CONTROL MECHANISM

Your Venetian blinds are easy to operate – just slide this lever up and down the side channel to achieve exactly the lighting effect you require.

## ALUMINIUM SIDE CHANNELS

Reduce the light that passes around the sides of your blinds and ensure smooth running of blinds.

## ELECTRIC BLINDS

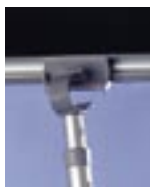

We also offer electric blinds that can be opened and closed at the flick of a switch. Please note, electric blinds are recommended for electronically operated windows.

ALL WINDOW SIZES –  
ONE PRICE – JUST £217  
QUOTE PML TO ORDER.**

## ROD CONTROL

Blinds too high to reach? Windows too high to open? Order this handy rod from VELUX and your problems are solved.

## ROD ADAPTORS

You'll need rod adaptors if you're using a rod to open and close out-of-reach VELUX blinds. Please bear in mind that you'll require a separate adaptor for each VELUX blind in your property.

## ACCESSORIES FOR HARD-TO-REACH SITUATIONS

ROD CONTROL for operation with GGL/GGU roof windows	ZCT 200 100-180cm Telescopic Rod	£25.00

## AWNING BLINDS

How about some blinds for the outside of your windows? Awning blinds are perfect for keeping rooms cool and reducing solar gain through south-facing windows on hot summer days.

The blind is easily installed internally (no need to get out onto the roof) and it rolls up out of sight under the top casing when not in use. The fabric is weather resistant for long service.

MAL is supplied complete with cord control.

# Finishing touches

## ACCESSORIES – MANUAL CONTROLS

We want to make your VELUX blinds and roof windows simple to operate. The following accessories are available exclusively from VELUX and make our superb roof windows even more user-friendly.

### ROD CONTROL

Don't stand on a chair to open and close your VELUX roof window or to operate the blind. Do it the easy way with this handy rod from VELUX. It allows you to open GGL and GGU windows. The rod can also be used to open the blinds when fitted with the correct adaptor.

**Rod control Code ZCT 200**  
For operation with GGL/GGU  
roof windows.

£25.00

**Rod adaptor**  
Code ZOZ 085    £3.00

**ZCT 100 100cm extension for the ZCT 200**

£6.00

### SECURITY LOCK

ZOZ 012 Key operated window lock for GGL/GGU roof windows only. Extra security comes with this simple lock that re-inforces the 'click-shut' mechanism at the top of your VELUX roof window.

ZOZ 147 Button operated window lock (without key) for GGL/GGU roof windows only.

Security locks cannot be used on Top-Hung roof windows GPL, GPU and GHL.

**Code ZOZ 012    £31.00**

**Code ZOZ 147    £26.30**

### OPENING RESTRICTOR

Regulate the extent to which your VELUX roof window opens with this easy-to-fit safety catch.

ZOZ 010 for added safety.

(ZOZ 011) a key for the opening restrictor is available free of charge.

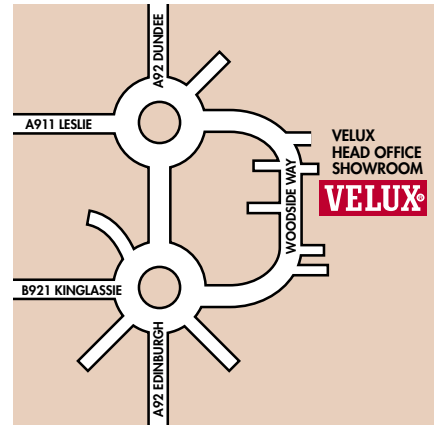

Opening restrictors cannot be used on Top-Hung roof windows GPL, GPU, GHL.

**Code ZOZ 010    £26.00**
